

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

LOCAL NEWS.

WEATHER PROBABILITIES.—War Department Office of the Chief Signal Officer, Washington, D. C. March 27, 1876.—0:30 a. m. For the Middle States clear or fair and cool weather, with fresh and brisk northerly to westerly winds and rising barometer.

PERSONAL.—The Richmond correspondent of the Petersburg News says:

"Capt. F. W. C. member of the House from Alexandria, Va. tendered his resignation as a member of the Legislature. Capt. Fowle will remove from the Alexandria district in order to engage in business elsewhere. It was his intention to resign sometime since, but hearing that his conduct would be investigated, determined to stick it out and stand an investigation. His case was entirely different from that of Judge Stevens, and I am assured by many members of the House, Capt. Fowle has gained the esteem of all his fellow members, and they wish him well in whatever enterprise he may engage."

The Richmond correspondent of the Norfolk Virginian, in speaking of the Captain, says: "For my part I think he is more to be sympathized with than blamed. I am informed that this gentleman will remove from Alexandria to St. Louis, where he will engage in business. His many friends here will always be glad to hear of his prosperity and success, it matters not where he may locate."

The Richmond correspondent of the Petersburg Index says: "A more sorrow oppressed and disheartened man than Mr. Fowle I never saw. Every body sympathized with him and hopes that in his new home in St. Louis he may enter upon a new career of usefulness and happiness. There is nothing mean or bad about him, and he will not be caught drinking, I reckon. Certainly it must be admitted that for his sins he has suffered severely."

GRAND LODGE OF ODD FELLOWS.—As has been heretofore announced the Grand Lodge of Virginia, I. O. O. F., will meet at the hall of Potomac Lodge, in this city, on the 11th of April. The Grand Lodge of the District of Columbia will meet in Washington at the same time, and will pay a fraternal visit to the Virginia Grand Lodge, in a body, which visit will be the first instance in the history of the Order, where such a visit has been made by a Grand Lodge in a body, although fraternal messengers and committees are often sent. Consequently the occasion is one of much interest to members of the Order, and it is expected that the visit will prove a very enjoyable occasion. The hall of Potomac Lodge is being thoroughly renovated and improved for the reception of the Grand Lodge.

SHEPHERDS.—The railroad route from Baltimore to Shepherd, on the opposite side of the river from this city, is made the medium now for the transportation of a large part of the freight between Baltimore and the lower Potomac. The steamer John W. Thompson takes at least two car loads of freight from Shepherd on every trip. On her trip up on Wednesday last she brought from the river landings four car loads of freight for the same point, including thirty-nine boxes of tobacco. The Thompson also carries a large number of passengers by this route, some twenty or thirty coming by the steamer every night.

Mr. Frank F. Smith has been returned to the telegraph office at Shepherd from Bladensburg, where he was sent some weeks since to put the line in order.

THE MINERAL BUREAU.—The Mineral Bureau has received from Mr. S. A. McMechen, of Moorefield, Hardy county, W. Va., two large and fine masses of iron ore, representing extensive beds of hematite and fossil hematite, which, with a fine variety of brown hematite, are believed to constitute almost the entire mass of what is known as Iron Mountain near the place named. Average samples of the hematite and fossil hematite examined at the Iron Master's Laboratory, Philadelphia, were found to contain 48 and 56 per cent of metallic iron respectively. The brown hematite of which the bureau has a small specimen is reported by the same laboratory to contain 52 per cent of metallic iron. These ores will rank among the best in the country.

THE LATE J. C. ROACH.—The funeral of ex-Sheriff James C. Roach took place from St. Mary's Church, yesterday afternoon, and was very largely attended. Rev. D. O'Kane read the burial services and the remains were interred in the Catholic cemetery. The wife of Mr. Roach lies very ill at her residence in the county, her illness being caused by intense mental anxiety joined to weakness from recent confinement.

LARGE LOT OF IRON.—Among the articles shipped from this port by the Philadelphia steamers are large quantities of iron in blooms and pigs. The iron comes mostly from points on the Potomac and every steamer which leaves here carries a considerable number of tons. One lot of this iron received here on Saturday morning from the furnace of Mr. John Miller, near River Station, consisted of one hundred tons.

RATS IN THE MARKET.—The rats have become an almost unbearable nuisance to dealers in market, making nightly raids upon the stalls and destroying considerable amounts of meats and produce. They have also burrowed so much as to completely undermine the granite steps at the private entrance to the Corporation Court room. Are there no means of getting rid of these pests?

THE CHURCHES YESTERDAY.—The churches yesterday were attended by moderately large congregations. The pulpits of all of the churches were occupied by the resident ministers, except that of the M. E. Church, South, where Rev. Dr. Nelson H. Ad. Preaching, South, preached morning and night. The children's meetings in the afternoon were tolerably well attended.

EUROPEAN FREIGHT.—Among the freight brought up on the steamer Lady of the Lake, Saturday morning, was a quantity of goods which formed a part of the cargo of the steamship America, which was towed into Norfolk some days since in a disabled condition. The goods were destined for this city but generally come via Baltimore.

JURIES DRAWN.—The lists of jurymen to serve at the April term of the Corporation Court, which commences on the 10th proximo, have been drawn and placed in the Sergeant's hands. Owing to alleged attempts to approach jurymen, by parties interested in suits, Judge Lowe has ordered that the lists be not made public until the meeting of the Court.

SUPPOSED FIRE.—Some alarm was caused the residents in the neighborhood of Royal and Duke streets yesterday by the discovery of smoke issuing from the rear of the stable of Mr. Thomas Davy. Upon investigation it was found that the smoke came from the furnace of St. Paul's Church, immediately adjoining the stable.

CONFIRMATION.—R. W. Dennis O'Kane, pastor of St. Mary's Church, announced to his congregation, yesterday, that R. Rev. Bishop Gibbons would administer the sacrament of Confirmation at that church on Sunday, May 14th. A considerable number of persons, both adults and children, are preparing to receive the Sacrament.

SUNDAY SCHOOL CONCERT.—The 'Sunday School connected with the Union Presbyterian Church, R. V. Dr. J. J. Bullock, pastor, held its first 'Quarterly Concert,' or children's meeting, last night. Every seat in the body of the large Church was occupied, and the galleries were well filled.

At half past seven o'clock the scholars and teachers marched down from the galleries of the Church, where they had previously assembled, to seats reserved for them, when the exercises commenced. Mr. H. W. Headle, the Superintendent of the school, presiding. The hymn, "What say my sins to Jesus, the precious Lamb of God," was sung in the most delightful manner, by the scholars of the school, under the excellent leadership of Mr. A. W. Harrison, Mrs. Charles Whittlesley presiding at the organ.

After the singing of the hymn, Rev. Dr. Bullock offered up a short, but fervent prayer of thanksgiving, for the privileges they had been permitted to enjoy, and for the great blessings that had been poured out upon them, and praying that the efforts of the teachers might be abundantly blessed, and that the influence of the Divine Spirit might accompany their instruction, and that they might be made glad by seeing the young immortals committed to their care giving their hearts to Jesus.

The school and congregation then sang the hymn, "Only an armor bearer, proudly I stand, waiting to follow at the King's command." A portion of the 37th Psalm was then read, after which, the hymn "Oh, that will be Heaven for me," was sung by the whole congregation with the spirit and understanding. From a report read it was shown that during the past year the school had more than doubled itself, and as to the present condition of the school, the report says: "We have at the present time on the roll 191 scholars 21 teachers and five officers, with a collection of over \$5 each Sunday," and after speaking of a ten minutes prayer meeting, after the regular exercises of the school, that has been conducted during the past three months, it concludes by saying "The efforts of the officers and teachers of the school have been blessed far beyond their expectations."

After the singing of the hymn, "Hold the fort," which was made to ring by the young people, especially the boys, the tune being in keeping with their lively spirits. The scholars of the various classes, headed by their teachers, recited Scripture verses containing the word "Trust." Mr. Wm. H. Lambert then made a short, but appropriate address, in which he urged the children to be regular and punctual in their attendance, and above all give attention to the instruction imparted to them by their teachers, for they were teaching them of Jesus, who died that they might have life eternal.

At the conclusion of Mr. Lambert's address a hymn was sung, after which Mr. Robert Bell, sr., made a short address, in which he called the attention of the children to the hymn, "Once for all," and explained that Jesus had died once for all, not only for all children, but for all men, and that Christ's blood could cleanse the vilest sinner.

Dr. Bullock, who was to have made an address, begged to be excused, stating that he had been confined to his bed for the past two days, but that his presence was sufficient evidence of his interest in their work. After the singing of the hymn, "I need thee every hour," by the school and congregation, this most delightful meeting was dismissed with the benediction by the Rev. Dr. Bullock.

COUNTY COURT.—The March term of the County Court, Judge James Sangster presiding, was held to-day.

Administration on the estate of John Stalcup, deceased, was granted to Wm. Stalcup, who thereupon qualified and gave bond. Wm. Walker, Edward Duerbe, and Samuel Titus were appointed appraisers of the personal estate of John Stalcup, deceased.

Bowman N. Rothery was appointed Overseer of Roads in the place of Boardman, removed from the district.

Administration on the estate of Wellington M. Lewis was granted to Mr. Naudie B. L. W., who thereupon qualified and gave bond. John R. Johnson, Stephen D. Wibrer, H. D. Smith and G. W. M. Sommes were appointed appraisers of the personal estate of Wellington M. Lewis.

The assessment of Phillip Reichold's land was reduced from \$150 to \$125 per acre.

An appraisal of the estate of James Hilton, deceased, was approved and ordered to be recorded.

An appraisal of an estray cow was ordered to be recorded.

A contract between the county of Alexandria and Thomas Terrett and B. J. Lacey, sr. operating a new county road from the turnpike near the Theological Seminary at its southerly terminus to the present county road near Anthony Frazier's at its northerly terminus, was reduced to writing, signed, approved, and filed.

Levi Jones was allowed \$25 for damages done his land by the road (as proposed above) passing through it.

Numerous bills of Overseers of Roads against the county were referred to the Board of Supervisors.

Cm. vs. James Roach, sheriff, rule dismissed.

The account of D. E. Hooe's administrator was confirmed and ordered to be recorded.

Com. vs. Frank Thomas, on a writ of habeas corpus; argument commenced and case adjourned till to-night at 7:30 o'clock. John M. Johnston, esq., for the Commonwealth and Edmund Burke, esq., for the defense.

FISH REPORT.—About 5,000 herrings and 300 bunches of white fish, together with a dozen or so of shad and single rock, are all the fish received at Fishtown since the last report. The herring sold at from \$15 to \$25 per thousand, the bunch fish at 27 to 30 cents per bunch, single rock at 30 cents a piece, and shad 31 cents a piece.

The following was the condition of the Washington fish market last Saturday: One thousand and shad sold for \$32 per hundred; 2,000 herring sold for \$30 per thousand; 200 single rock sold for \$23 per hundred; 500 bunch fish sold for 15 to 35 cents per bunch.

OPERA.—As will be seen by an advertisement under the amusement head of to-day's Gazette, the Strakosch Italian Opera Co., the star of which is the distinguished French nightingale, will commence an engagement of four nights, at the National Theatre, in Washington, next Monday night, on which occasion Mlle. Titiens will appear in her unrivaled role of Norma. Good acting and singing always attract large numbers from among the many who will be lured, and next Monday and the three succeeding nights, will be not a few from this side of the river.

DROWNED IN A WELL.—Three men while engaged in cleaning out the Court House well, about five o'clock this afternoon fell in, by the breaking of the platform upon which they were standing, and two of them, colored, were drowned. The white man escaped.

PARASOLS.—LATEST STYLES. LOWEST PRICES at H. C. SLAYMAKER CO.

LAWN GRASS SEED.—Mixed English Lawn Grass Seed, from Landreth, just received.

DRIED CHERRIES.—Peaches and Apples for sale by J. C. & E. MILBURN.

FROM WASHINGTON.

CONGRESS.—SENATE. WASHINGTON, D. C., March 27, 1876.—In the Senate, to-day, Mr. Boutwell presented the resolution of the Legislature of Massachusetts in favor of the adoption by the U. S. of the metric system of weights and measures.

Mr. Withers, of Virginia, presented the resolutions of the General Assembly of Virginia, with the memorial of the Virginia Military Institute, in favor of a compensation for the library and apparatus of that Institute, destroyed by Federal troops during the late war.

Also a memorial of business men of Richmond against the entire repeal of the Bankruptcy law.

After the defeat of a motion to take up Morton's Mississippi resolutions, and to postpone the Appropriation bill—yeas 28, nays 31, the Diplomatic Appropriation bill was taken up and discussed at length.

HOUSE OF REPRESENTATIVES.—The House was occupied with the call on States for bills and joint resolutions. Among those presented were: Bills for the relief of Ellen Daingerfield, and S. R. Barbour, of Washington, D. C.

A bill for the relief of Marshall O. Roberts, of New York. It is understood this is to indemnify Mr. Roberts for any damages which may be obtained from him for the occupation of the Beverly house in Alexandria. And the following from Virginia:

By Mr. Hunter. Bill for the relief of Elizabeth B. Clark, of Alexandria, Va., widow of the late Robt. Brockett, a soldier of the war of 1812.

Resolutions of the General Assembly of Virginia, in favor of compensation for injury to the Virginia Military Institute.

At the close of the call, Mr. Payne introduced the resumption bill, (agreed to in Democratic caucus), and moved to suspend the rules and pass the bill.

The House refused to suspend the rules by a vote of yeas 151, nays 156—the northwestern Democrats generally voting in the negative.

By a vote of 152 to 71 the House determined to hold night sessions for three nights this week for the purpose of considering the Legislative Appropriation bill.

The House then went into committee of the whole on the D. C. bill of the Banking and Currency Bill.

Mr. Johnson, of Va., was not in his seat to-day, having been called home by sickness in his family. On all political questions he is paired with Senator Wright.

THE RETROCESSION CASE.—The case of Phillips vs. Payne, involving the legality of the retrocession of Alexandria to the District of Columbia, the argument in which was to have been concluded by Mr. Shelbarger to-day, in the Supreme Court of the U. S., did not come up. Several Alexandrians were in the Court room, among them Judge Lowe, of the Corporation Court.

Marine Disasters.—New York, March 27.—The British steamer Great Western went ashore on the sand bar off Amityville, L. I., about 7 o'clock Saturday night, when the storm raged heavily and a dense fog prevailed. She was from the M. D. terrace for this port with a miscellaneous cargo of oranges, lemons, sams, sulphur and rags. The steamer is commanded by Captain Wyndham, and sailed from Messina, February 26, via Palermo March 1, touching at Gibraltar on her way. Fortunately there are no passengers on board. The captain was ill in his bunk. The officers and crew, including a stewardess, number thirty souls. All were saved. The steamer was run so fast around when she remained unmovable all night, when daylight broke yesterday she stood there a few yards from the beach, and an even keel, with all her masts and rigging standing, and in tolerably good condition, but the storm was so furious about the time she struck that sea water washed over her, and as the officers reported the vessel full of water, it is believed that she bilged. The greater part of the cargo is therefore considered to be greatly damaged, the bulk of which being of a perishable nature. A dispatch from Babylon, L. I., states that a large bark, came as yet unknown, went ashore on the sands about ten miles west of Fire Island light. No lives appear to have been lost, and there is some probability of the vessel being saved. The schooner J. C. Thompson, laden with coal, was reported last evening as breaking up off West Hampton, on Long Island Sound. Beyond this no other disasters are reported in this vicinity more or less damaged by the storm.

LOCAL BREVITIES.—A drunken soldier fell overboard at the foot of King street yesterday, but was speedily rescued by his companions, with no further damage than a thorough wetting.

Attention is called to the sale of the real estate of the late R. H. Miller, which takes place to-morrow; also to that advertised by Mr. J. W. Nails.

Owing to the cloudy state of the weather on Saturday afternoon no observations of the eclipse could be taken in this city by those interested in celestial phenomena.

Workmen were engaged this morning in making the necessary repairs, putting down new plank, &c., on the Annapolis wharf, preparatory to the resumption of the coal trade.

We are requested to urge on the members of Sarepta Lodge of Odd Fellows a full attendance at the regular meeting to-morrow night.

A committee from Fairfax Court House was in this city to-day making arrangements for laying the corner stone of the new Methodist Episcopal Church, South, at that place, with Masonic ceremonies, early next month.

TELEGRAPHIC SUMMARY.

—There is great alarm at Memphis over an anticipated disastrous overflow of the Mississippi. This morning it was within nine inches of the danger line, and rising rapidly at D. V. E. bow, forty miles above there. It cut through the Neck yesterday, shortening the river some fifteen or twenty miles. A steady rain was falling this morning with a good prospect of its continuance.

—The Emperor and Empress of Brazil, embarked to-day from Rio Janeiro for North America amid great enthusiasm. They will not reach at Bahia during their journey to the United States on account of the quarantine existing there. They will, however, touch at Pernambuco and Peru.

—Queen Victoria and Princess Beatrice leave Windsor this afternoon for Portsmouth. They will go to Cherbourg to-morrow. Earl Derby, as Secretary of State, will accompany them throughout the tour on the Continent.

—Thomas Power, the first officer of the American ship, Maria Greenleaf, has been tried at Liverpool for shooting two of the crew at sea on the 19th of January. He was acquitted, the shooting being declared justifiable.

—Out of forty collieries owned and operated by the Philadelphia and Reading Coal and Iron Company twenty five resumed work this morning.

POLICE REPORT.—Only one case has been tried at police headquarters since the last report, that of Lewis Haney, alias Burke, colored, who, for assaulting Betty Lane, also colored, was fined and discharged.

G. W. Burrows and Wm. Holmes were discharged from jail, their terms of service having expired.

Five lodgers were accommodated at the station house on Saturday night, and ten last night.

It is stated that the C. & O. Canal Company is contemplating a reduction of five or ten cents a ton on its coal tolls.

One of our most estimable citizens may be thankful for the introduction of Dr. Bull's Cough Syrup, for its timely use has saved his life.
